Zhongquan Cheng

619 Comstock Ave 702, Syracuse, NY 13244 | zcheng05@syr.edu | 315-317-5618

Education

Syracuse University, Syracuse, NY 09/2021 – 05/2025
B.S. in Computer Science

Washington University in St. Louis, St. Louis, MO 08/2025 – 05/2027
M.S. in Computer Science (Expected)

Technical Skills

Languages: Python, Java, R, C#, Haskell, HTML, CSS, JavaScript
ML/Data: scikit-learn, pandas, NumPy, FFT, MFCCs, SARIMAX, XGBoost, model tuning, data pipelines
Mobile/VR: Android (Kotlin/Java), Unity, C#
Cloud/Tools: Git, GitHub, Docker, MS Office; [Cloud services: AWS/GCP/Azure – placeholder, update if specific experience is known]

Professional Experience

Asia Pulp & Paper Co., Shanghai, China 05/2023 – 06/2023
Data Science Intern

- Analyzed weekly sales data from Qingfeng data warehouse to identify trends and patterns.
- Proposed enhancements to data warehouse functionality, improving data extraction efficiency and accuracy.
- Developed a machine learning model to forecast weekly sales, supporting strategic decision-making.

Research Experience

Depression Detection Using Mobile Phone IMU Sensor, Syracuse, NY 02/2024 – Present
Research Assistant, Advisor: Prof. Asif Salekin

- Designed an Android app to collect IMU sensor and audio data, analyzing correlations between sensor fluctuations and emotional states.
- Planned development of a predictive model to detect depression indicators, contributing to mental health research.

Library VR Education Game Design, Syracuse, NY 09/2022 – Present
Game Developer & Team Leader

- Led a 3-member team to design a VR game using Unity and C#, enhancing library resource accessibility through immersive education.
- Implemented backend features including graphical effects, gesture recognition, and interactive game scenes.
- Completed a prototype to assist students in navigating library resources effectively.

Hackathons and Competitions

Various Hackathons, Syracuse, NY 2022 – Present
Participant

- Collaborated on a website with facial image analysis for emotion recognition, showcasing interdisciplinary innovation.

Extracurricular Activities

Chinese Student Union, Syracuse, NY 09/2021 – Present

Member, Photography Division

- Organized events and captured photographs, fostering community engagement and cultural representation.

CuseHacks, Syracuse, NY 2023 – Present

Senior Workshop Lead

- Led workshops and organized the annual Syracuse Hackathon, establishing competition rules to promote inclusive participation.
